4. Purpose of the register

The personal data collected is used:

For customer authentication and access control. For delivering orders from registered users and maintaining and developing customer relationships.

5. Basis for data collection and processing

Customer data is collected and processed with the customer's consent, or to enforce a contract with the customer.

6. Information content of the register

The name and address of the company / person, the name of the company's contact person, the company's billing information, business ID, e-mail address, telephone number, and a username and password if a separate retrieval address for the material is created for the customer.

7. Data retention period

The company / personal data will be kept for as long as it is needed to fulfill the agreements with the customer and to develop customer service, as well as in accordance with the obligations of the accounting periods required by law.

8. Regular sources of information

The register collects information:

From the company / person himself. Registers kept by the authority within the limits permitted by law (eg ytj.fi). Data is also collected using the Google Analytics analytics tool.

9. Regular disclosures and transfers outside the EU or the European Economic Area

The information is not regularly disclosed outside the company. Some third-party service or software providers may store information outside the EU or the European Economic Area.

10. Use of cookies

We use the so-called cookie function. A cookie is a small text file that is sent to and stored on a user's computer, enabling the webmaster to identify visitors who visit the site frequently, to make it easier for visitors to log in to the site, and to compile aggregate information about visitors. With this feedback, we are able to continuously improve the content of our pages. Cookies do not harm users' computers or files. We use them so that we can provide our customers with information and services tailored to their individual needs.

If a user visiting our website does not want us to receive the above information through cookies, most browser programs allow you to disable the cookie function. This is usually done through browser settings.

However, it is good to keep in mind that cookies may be necessary for the proper functioning of some of the pages we maintain and the services we provide.

11. Registry Security

The data is transferred over an SSL-secured connection.

Electronic data is protected by a firewall, usernames and passwords.

Access to the data is limited to those persons employed by the controller who need the data in the course of their duties.

12. Automatic decision making

No automated individual decisions (Article 22 of the EU Data Protection Regulation) are taken.

13. Rights of the data subject

The data subject has the right to check what information about him or her has been stored in the personal data register.

A written request for inspection must be sent signed to the person responsible for registration matters.

The right of inspection is free of charge up to once a year.

The data subject has the right to request the correction or deletion of incorrect or outdated data or the transfer of data from one system to another. He also has the right to restrict or object to the processing of his data in accordance with Articles 18 and 21 of the EU Data Protection Regulation.

The data subject has the right to withdraw his or her previous consent to the processing of data or to lodge a complaint with the supervisory authority regarding matters related to the processing of his or her personal data.

The data subject also has the right to prohibit the use of his data for direct marketing purposes.
